

International Food & Agribusiness

'When I was exploring universities for myself, finding a programme that offered a balance between theoretical knowledge and practical experiences was crucial.

Sayonika (from India) - Student International Food & Agribusiness

DO IT

In short

Would you like to contribute to providing sufficient, healthy, safe, and sustainably produced food for our ever-growing world population? Our programme teaches you how to improve and transform our fragile agri-food systems worldwide, and develop new business models. To make real impact in the field of nature, environment, people, and society, you explore sustainability from various angles including marketing, legislation and international relations. In this way, you contribute to future-proof agri-food systems all over the world!

- + Experience the international classroom and personal student support.
- + Work together on real-life cases in the field of systems thinking, circular economy and new business.
- + From day one you work on building a strong global network in agri-food.

Start

September 2025

Language

English

HAS green academy

HAS green academy is the leading university of applied sciences specialising in agriculture, food, and the living environment. With your fellow students you will delve into topics that impact businesses and organisations. You will develop practical solutions that promote a sustainable environment and guarantee food security, both on a global and local scale.

- ✓ Personalised university with a vibrant atmosphere
- ✓ Great job prospects
- ✓ Experienced agri-food sector lecturers

The first year

Courses: Personal leadership • global food systems • agri-food business • biobased economy

Educational activities:
tutorials • problem based learning
• group assignments • excursions • internships • (guest) lectures

English Language Requirements

Students who have completed their previous education in English are exempted from this requirement. However, all other students must demonstrate their proficiency in the English language. HAS recommends taking the IELTS language test from www.ielts.org, with a minimum overall band score of 6.0 for academic programmes. For more information about alternative tests such as TOEFL and Cambridge ESOL Certification, please visit our website.
